Welcome to Can Shed's Customer Service

4121 16th Avenue SW Cedar Rapids

Hours of operation:

Mon – Fri 7:00am to 6:00pm

Saturday 9:30am to 1:30pm

- **To serve all customers faster, we are going to limit loose counts to 100 containers.**
 - We offer and encourage using our bulk system using **Can Shed Boxes and Liners**.
 - When using our bulk system there is **no limit** provided bags meet our guidelines.
 - **Containers must be clean and dry.** (no garbage, cigarette butts, chew, bugs, etc)
 - **IOWA CODE 567-107.7(455C) BEVERAGE CONTAINERS MUST BE REASONABLY CLEAN. Consumers shall take care to return containers in a reasonably clean and intact condition. In order to be redeemed, an empty beverage container shall be dry and free of foreign materials other than the dried residue of the beverage.**
 - For the safety of our employees **we do not accept glass in bags**. If you do not have the original cases, banana boxes will be provided for you to organize the glass.
 - **Size Matters** - when containers are sorted by size and material it's easy to determine how many containers are in a bag. If containers are not properly sorted, you may receive the price of the largest container in the bag (i.e. 24oz bottles, properly sorted is \$7.20 in redemption value. When mixed with 2 liters, you will only receive the redemption value of the 2 liters, which is only \$2.00)
 - **No flattened or non-deposit containers** (We will recycle, but no refund.)
 - **IOWA CODE 567-107.8(2) In order to be redeemed, BEVERAGE CONTAINERS MUST BE REASONABLY INTACT. For a refillable beverage container, the container must be able to hold liquid, able to be resealed, and in its original shape. A non-refillable glass container may be chipped, but it may not have the bottom broken out or the neck broken off. A non-refillable aluminum container may be dented or partially crushed, but may not be crushed flat. A returnable beverage container should be able to stand on its own base.**

(319) 366-1300 ◻ 888-433-9171 ◻ Fax 319-396-4332
