Cans & Plastic bottles

- We offer and encourage using our bulk system using Can Shed Boxes and Liners.
- When using our bulk system there is no limit provided bags meet our guidelines.
- Can Shed redemption bags must be sorted by material and by size. See chart below.
- Containers must be clean and dry. (No excess liquid, garbage, cigarette butts, chew, straws, etc.)
- **No flattened, non-deposit, or out-of-state containers.** (We will recycle, but no refund.)
Please keep these separate from deposit containers.

- **Non-Redemption bag** customers will redeem containers through our reverse vending machine.

IOWA CODE 567-107.7(455C) BEVERAGE CONTAINERS MUST BE REASONABLY CLEAN.
Consumers shall take care to return containers in a reasonably clean and intact condition.
 In order to be redeemed, an **empty beverage container shall be dry and free of foreign materials other than the dried residue of the beverage.**

- **Size Matters** - when containers are sorted by size and material it's easy to determine how many containers are in a bag. **Multiple sizes in bags will be paid out at the value of the largest size container in the bag** (i.e. 24oz bottles, properly sorted is \$7.20 in redemption value. When mixed with 2 liters, you will only receive the redemption value of the 2 liters, which is only \$2.00.)

IOWA CODE 567-107.8(2) In order to be redeemed, BEVERAGE CONTAINERS MUST BE REASONABLY INTACT. For a refillable beverage container, **the container must be able to hold liquid, able to be resealed, and in its original shape.** A non-refillable glass container may be chipped, but it may not have the bottom broken out or the neck broken off. A non-refillable aluminum container may be dented or partially crushed, but may not be crushed flat. **A returnable beverage container should be able to stand on its own base.**

RVM: Cans & Plastic bottles

- For your convenience Can Shed now has Reverse Vending Machines at selected locations. Recycling your empty containers is as easy as:

1. **Insert your empty containers bottom first** into the chute at the front of the reverse vending machine.
2. When you're finished, **tap the button** at the front of the machine.
3. Steel cans & rejected deposit containers can be counted at the glass table.
4. **Take the receipt** that the machine prints out (the receipt shows the value of your recycling refund) which can be redeemed at the register.
5. Place any **rejected** items in the designated bins for recycling.

For Purchase - CASH Only:

- Can Box with Lid – \$6.00 + tax. (Extra lids are \$2.00 + tax.)
- Can Shed Liners - 50¢ each. Liners will be replaced at no charge, when full bags are sorted properly.
- Returns over \$100.00 will be paid by check and will be mailed within 7-10 business days.
- **Please tie your bags with a double square knot.** We don't like wasting bags; this allows us to reuse them in our warehouse.

Glass

- Glass bottles will be hand counted. Please keep out-of-state and non-deposit glass separate.
- For the safety of our employees **we do not accept glass in bags.** If you do not have the original cases, banana boxes will be provided for you to organize the glass.
- Glass needs to be stacked with bottles lying flat (please see picture below).
- Each box should hold 60 beer bottles, or 20 wine or liquor bottles.
- **IF** you have large quantities of glass, please visit our Cedar Rapids or Marion locations.

We reserve the right to refuse service to anyone not following these guidelines.

BE SURE TO HANG ON TO YOUR BAGS UNTIL THEY ARE CHECKED IN!
