PAYMENT

Invoices are paid 45 days after the day of pickup or 45 days after the invoice that makes your account reach the \$100 minimum required for a check to print.

Items need to be ready and accessible at the time of pick-up. Here are a few guidelines regarding how items should be organized for pickups. Following these guidelines will ensure efficient service and better customer relations.

- ❖ Cans and plastic must be in Can Shed liners and sorted by size according to the chart on the front of this page. The bags should be tied in square knots, no ties, tape, other knot types, etc. Items may not be flattened or smashed unless they are from reverse vending machines. Bags must not contain trash, non-deposit containers, or liquids per Iowa code.

IOWA CODE 567-107.7(455C) BEVERAGE CONTAINERS MUST BE REASONABLY CLEAN. Consumers shall take care to return containers in a reasonably clean and intact condition. In order to be redeemed, an empty beverage container shall be dry and free of foreign materials other than the dried residue of the beverage.

- ❖ Glass bottles must be in boxes, not bags for the safety of our employees. Please refer to the size and quantity guidelines on the front of this page. If boxes of glass are stored outside, they must be kept dry. We will not pick the items up if the boxes are wet and falling apart.
- ❖ All non-deposit plastic and cans must be separate from redeemable items and grouped by product type. Cans in one bag, plastic in another. We will pick these items up; however, there will be no corresponding payment. Please also note these items will be taken as long as we have room on the truck.
- ❖ Items need to be in specific area and easily accessible. Snow and ice must be cleared and doorways or walk ways should not be blocked by other debris. **Also, we will not pick up product that requires the use of stairs. Carting product up or down stairs has been determined to be unsafe by our insurance company/provider. They will not allow us to do it.**

Non-compliance will result in those items being left until the problem is corrected. If you have any questions or concerns, feel free to call us at 319-366-1300.

Thank you for your cooperation.
