Cans & Plastic Bottles – in Can Shed redemption liners

- **Size Matters** - when containers are sorted by size and material it’s easy to determine how many containers are in a bag. **Multiple sizes in bags will be paid out at the value of the largest size container in the bag** (i.e. 16oz-24oz bottles, properly sorted is \$7.20 in redemption value. When mixed with 2 Liters you will only receive the redemption value of the 2 Liters, which is only \$2.00.) Mixed bags of cans and plastic bottles will need to go through the RVM for proper credit.

Prices for Can Shed bags are as follows:

	ITEM	QTY	
CANS	7.5-12oz bag	240	\$12.00
	16-19 oz bag	180	\$9.00
	20 oz or larger bag	120	\$6.00
PLASTIC	12 oz bag	240	\$12.00
	16-24 oz bag	144	\$7.20
	1–1.25L bag	80	\$4.00
	1.33–2.5L bag	40	\$2.00

- Containers must be clean and dry. (No excess liquid, garbage, cigarette butts, chew, straws, etc.)

IOWA CODE 567-107.7(455C) BEVERAGE CONTAINERS MUST BE REASONABLY CLEAN. Consumers shall take care to return containers in a reasonably clean and intact condition. In order to be redeemed, an empty beverage container shall be dry and free of foreign materials other than the dried residue of the beverage.

- When using our bulk system there is no limit provided bags meet our guidelines. Cash payout limit is \$100.00 per household per day. Amounts over \$100.00 will receive a check by mail.
- Please hang onto your bags until you are checked in and have received a receipt.
- **No flattened, non-deposit, or out-of-state containers.** (We will recycle, but no refund). Please keep these separate from deposit containers.

IOWA CODE 567-107.8(2) In order to be redeemed, BEVERAGE CONTAINERS MUST BE REASONABLY INTACT. For a refillable beverage container, the container must be able to hold liquid, able to be resealed, and in its original shape. A non-refillable glass container may be chipped, but it may not have the bottom broken out or the neck broken off. A non-refillable aluminum container may be dented or partially crushed, but may not be crushed flat. A returnable beverage container should be able to stand on its own base.

RVM: Cans & Plastic Bottles – non Can Shed redemption bag liner

- For your convenience Can Shed now has Reverse Vending Machines at selected locations. Recycling your empty containers is as easy as:

1. **One customer per household per machine. Limited to 500 per day.**
2. **Insert your empty containers bottom first** into the chute at the front of the reverse vending machine.
3. When you're finished, **tap the button** at the front of the machine.
4. Steel cans and rejected deposit containers can be counted at the glass table.
5. **Take the receipt** that the machine prints out (the receipt shows the value of your recycling refund, which can be redeemed at the register.)
6. Place any **rejected** items in the designated bins for recycling.

Glass

- For the safety of our employees **we do not accept glass in bags.** If you do not have the original cases, banana boxes will be provided for you to organize the glass.
- Glass needs to be stacked with bottles lying flat (please see picture below).
- Each box should hold 60 beer bottles, or 20 wine or liquor bottles.

Disclaimer: Generally speaking, beverages that are carbonated and/or alcoholic are deposit eligible. We cannot redeem incorrectly marked containers or those that are distributed by a company who chooses not to comply with state rules. **We reserve the right to make the final judgement** whether or not to accept any container and pay the deposit and refuse service if guidelines are not followed.

**You're keeping Iowa beautiful,
Thanks for supporting the Iowa bottle bill!**
